

Flexible Schedules Commercial

I'm Amelia and I'm a student at Tri-County Technical College, because I can count on flexible schedules that let me balance work, family and school – and still have time for fun.

Our daytime, nighttime, online and hybrid programs offer a variety of versatile scheduling options to fit your busy lifestyle. And there's time left over for any number of campus activities, including a growing athletics program.

At Tri-County Technical College, I know...

I COUNT!
