Steps for Transition Nursing (Practical Nursing to Associate Degree Nursing)

- Participate in an online presentation of Updates to Nursing. This online presentation will answer many questions about the nursing program at Tri-County Technical College. Find it at eTC. A packet accompanies the online presentation and should be printed prior to participation (request at krhodes2@tctc.edu). You may view this presentation as many times as you wish. If after participating in the online session, you have questions about the nursing program, you may attend a Question and Answer meeting, offered as needed. To register for a session go to eTC Message Center-Activities Calendar.
