

# Need Employees Who Are **EFFECTIVE** and **PRODUCTIVE** Their First Day on the Job?

## *WorkReady*

**...provides a unique, customized training program to meet YOUR business needs.**

- **YOU ESTABLISH ENTRY-LEVEL JOB REQUIREMENTS**

Based on the personal or technical skills needed for your organization to succeed, we will pre-screen candidates to meet your company-specific requirements. We will conduct a WorkKeys job profile of positions for which you are hiring.

- **YOU SELECT PARTICIPANTS**

Intensive Service Case Managers located in the One-Stop Workforce Centers in Anderson, Oconee and Pickens counties will determine WIA candidates who meet your entry-level requirements and recommend those candidates for interviews.

- **YOU DETERMINE COURSE CONTENT, SPECIFIC TO YOUR NEEDS**

You'll have ownership in your UNIQUE training program. Our training professionals will work directly with you to determine how to meet the needs of your business through a thorough comprehensive training program.

## *Leave the training to us!*

The World Class Training Center of Tri-County Technical College will conduct the pre-employment training, track participant progress and provide regular updates to you. Upon successful completion of the WorkReady program, participants will be recommended to you for employment — and you'll have new associates who are effective and productive the first day on the job!

**Custom training at 25%-50% usual costs.**

**WorkReady works for all industries:**

- **healthcare • retail • service • hospitality**
- **banking • manufacturing • and more!**

*Contact WorkReady today for work-ready employees tomorrow.*
