

Wildlife and Fisheries Biology Curriculum Worksheet (2022-2023)

This worksheet outlines the required courses for this major. Students are expected to be familiar with general education and major-specific requirements for their intended major as outlined in the Clemson Undergraduate Catalog. Additionally, students must satisfy any Tri-County prerequisites for the courses below. To complete Bridge program requirements, students must earn 30 credits at Tri-County and a 2.5 GPA during their Bridge year (fall, spring, and optional summer, if needed). Students should consult the backside of this worksheet, the Undergraduate Catalog, and the Bridge Academic Guide for Clemson course equivalencies and alternative courses if students wish to enroll in other courses or if any of the following requirements have been met through dual enrollment or AP/IB credit. Advising worksheets are supplemental planning aids and are for informational purposes only.

² If ENG 101 + 102 is taken for English Composition requirement, ENG 102 should be taken instead of Arts & Humanities (Lit.) requirement.

³ Students must get pre-approval to enroll in PHY 101 as it is not part of the Associate of Arts or Associate of Science curriculums. Students should talk to their adviser about the approval needed to enroll in the course. As it is not part of a Bridge students' program of interest at TCTC, financial aid resources will not cover the cost of this course.
