

Surgical Technology

Doctors and nurses are not the only medical staff at work in an operating room. Surgical technologists are vital team members in this crucial setting. With an associate's degree from the Surgical Technology program at Tri-County, you'll receive the training and knowledge you need to complete the many duties of this job, such as:

- Passing instruments and supplies to the surgeon
- Assisting the surgeon
- Selecting instrument trays, supplies and equipment for surgical cases
- Setting up cases
- Assisting the circulatory personnel
- Decontaminating and Sterilizing instruments
- Maintaining surgical inventory
- Performing other perioperative tasks that help keep an operating room functioning safely before, during and after surgery.
