

2023-2024

# Student Academic and Advising Guide

For Tri-County/Clemson Course Equivalencies, Clemson General Education Requirements, LIFE Scholarship Requirements and Tri-County/Clemson Academic Policies and Resources

With the exception of the nontransferable mathematics courses listed in the mathematics placement section, all of the courses listed in this *Academic and Advising Guide* transfer to Clemson. However, some transferable courses may not satisfy specific course requirements for a particular Clemson academic program. Furthermore, first-year course requirements vary by program. To make satisfactory progress toward completing the requirements for your intended academic program, you are strongly encouraged to enroll only in equivalent Tri-County courses appropriate for your intended Clemson program.

Becoming knowledgeable about Bridge academic standards and course equivalencies for your intended Clemson academic program is **your** responsibility. Please limit your enrollment to courses listed in this *Academic and Advising Guide*. With the exception of the two selected nontransferable LIFE Scholarship-eligible courses (MAT 101 and MAT 102 only), refrain from enrolling in courses that do not transfer to Clemson. Any credits and grades earned in nontransferable courses other than MAT 101 and MAT 102 will **not** count toward meeting the Bridge academic standards of earning 30 credits and a 2.5 GPA on those credits. Refer to the *Bridge to Clemson Handbook* for specific details about the academic requirements that you must meet to be admitted to Clemson.

## Welcome to the 2023-2024 Bridge to Clemson program!

The purpose of this *Academic and Advising Guide* is to facilitate your understanding of Tri-County/Clemson course equivalencies, Clemson general education requirements, Tri-County and Clemson academic policies, academic advising resources and student success services available to you during your Bridge year. Awareness of these requirements and policies and use of the resources and services will help you achieve your goals of enrolling at Clemson beginning in Fall 2024 and making timely progress toward graduation. This *Academic and Advising Guide* contains important information pertaining to the following:

1. Tri-County courses that count toward meeting Bridge academic standards (*pages 2-3*).
2. Tri-County mathematics and English course placement policies (*pages 4-6*).
3. Tri-County courses that satisfy Clemson general education requirements (*pages 7-10*).
4. Clemson Advanced Placement (AP) and International Baccalaureate (IB) credit policies (*pages 10-12*).
5. Transfer Course Equivalency List and Bridge Academic Standards (*pages 13-19*).
6. LIFE Scholarship eligibility requirements (*pages 20-21*).
7. Course planning worksheet for Fall 2023 and Spring 2024 (*page 22*).
8. Contact information for Tri-County and Clemson academic advising and student success resources (*pages 23-24*).

Before enrolling in any course, complete the following steps:

1. Review and identify the first-year (and, in some cases, second- or sophomore-year) courses required for the Clemson academic program you plan to pursue as outlined in Clemson's *Undergraduate Catalog* ([catalog.clemson.edu](http://catalog.clemson.edu)).
2. Determine whether any college-level credits you earned through AP, IB and/or dual enrollment will satisfy any course requirements for your intended academic program.
3. Review this *Academic and Advising Guide* to identify the equivalent Tri-County courses for the Clemson courses you are required to complete.
4. Review the Tri-County course descriptions in the Tri-County catalog to determine if there are any minimum Accuplacer score requirements or any mandatory prerequisite courses for the Tri-County courses you need to complete to make progress in your intended Clemson academic program.
5. Ensure that each identified Tri-County course is 1) transferable and 2) satisfies a general education and/or degree program-specific requirement for your intended Clemson academic program.

---

For the most current list of transferable Tri-County courses and their corresponding Clemson course equivalents, visit [clemson.edu/admissions/tcel](http://clemson.edu/admissions/tcel). Any course denoted as "NCT" will not transfer to Clemson. Students must earn a letter grade of C or better for a course to transfer to Clemson.

### Notes

- At Tri-County, BUS 101 is a 3-credit course. At Clemson, BUS 1010 is a 1-credit course. Students completing BUS 101 at Tri-County will be awarded credit at Clemson as follows: BUS 1010 (1 credit) and BUS 1999 (2 credits).
- Students intending to pursue computer science or computer information systems should complete CPT 167 and CPT 234 at Tri-County. Students who complete CPT 234 will be awarded credit for CPSC 1110 at Clemson. Students will then enroll in CPSC 2100 during their first semester at Clemson. See the Curriculum Worksheet for Computer Science B.A., Computer Science B.S. and Computer Information Systems B.S. Students who successfully complete CPT 167 and CPT 234 at Tri-County will then take CPSC 1020 at Clemson.
- At Tri-County, EGR 275 is a 3-credit course. Students completing EGR 275 will be awarded credit for ENGR 2080 (2 credits) and 1 credit of elective credit.
- Bridge-specific course.

## Tri-County Courses Transferring to Clemson as Elective Credit<sup>5</sup>

CLEMSON COURSE	TRI-COUNTY EQUIVALENT	CLEMSON COURSE	TRI-COUNTY EQUIVALENT	CLEMSON COURSE	TRI-COUNTY EQUIVALENT

TRANSFER ELECTIVE	COL 103 <sup>7</sup>	TRANSFER ELECTIVE	EGR 260	TRANSFER ELECTIVE	SOC 233

### Notes

- The Tri-County courses that transfer to Clemson as elective credit do not have an exact Clemson course equivalent. Tri-County courses designated as elective credit will satisfy graduation requirements for any Clemson academic program that has elective credits built into the degree requirements. Elective credits cannot be used to satisfy graduation requirements for any Clemson academic program that does not have elective credits built into its degree requirements. Students are advised to review the *2023-2024 Clemson Undergraduate Catalog* to determine if their intended Clemson academic program has elective credits built into its degree requirements.
- Students intending to pursue horticulture or turfgrass may complete BIO 202 at Tri-County. Students who complete BIO 202 with a grade of C or better will be permitted to substitute the credits earned in BIO 202 for the plant science course requirement.
- Students may not receive credit for both COL 103 and COL 105.

## LIFE Scholarship-Eligible Tri-County Courses that do not Transfer to Clemson

CLEMSON COURSE	TRI-COUNTY EQUIVALENT
NCT	MAT 101
NCT	MAT 102

## Math Track for MAT 130, 137 and 140

If the major lists MAT 1020 or MATH 1060, MATH 1020 is the less rigorous option.  
MAT 031/032/101/102 DO NOT TRANSFER TO CLEMSON.

### MAT 130 CU: MATH 1020

For majors requiring MAT 130 (CU: MATH 1020 listed for requirement) such as pre-business, computer science (B.A.), food science, horticulture, etc. (See the curriculum worksheet for your intended major at Clemson.)

### MAT 137 CU: MATH 1060

For majors requiring MAT 140 (CU: MATH 1060 listed for requirement) such as general engineering, most science majors, mathematics, computer science (B.S.), packaging science, etc. (See the curriculum worksheet for your intended major at Clemson.)

Students must complete the MAT 137 and MAT 138 sequence to satisfy the MAT 140 requirement. Both courses must be completed with a final grade of at least a C or higher in order to transfer the credit to Clemson as MAT 140.

### MAT 140 CU: MATH 1060

For majors requiring MAT 140 (CU: MATH 1060 listed for requirement) such as general engineering, most science majors, mathematics, computer science (B.S.), packaging science, etc. (See the curriculum worksheet for your intended major at Clemson.)

1. MPL = math placement level
2. RPL = reading placement level

\*For classes with an MPL and RPL, BOTH levels MUST be met to register for that class.

## Math Track for MAT 120, 103 and 211

ALL math classes listed as 101 level and above satisfy Clemson Bridge and LIFE requirements.

If you make an A in MAT 101, you may go directly to MAT 120 or MAT 103.  
 MAT 120 and MAT 103 are NOT prerequisites for any other math class.  
 MAT 031/032 and 101/102 do NOT transfer to Clemson.

For majors requiring MAT 120 (CU: STAT 2300 listed for requirement)  
 (See the curriculum worksheet for your intended major at Clemson.)

Students making an A in MAT 101 may go directly to MAT 120.  
 Discuss retest options with students making below an A.

MAT 120 PLUS: Students who place into MAT 102 have the option to register for MAT 120 PLUS. MAT PLUS includes a corequisite course, MAT 150. Students take both courses together to enhance math skills and to allow a student with MAT 102 placement to move up into MAT 120.

NOTE: MAT 150 does NOT count for Bridge credit hours and is not a transferrable course. Students should work closely with their Tri-County faculty adviser and their Bridge Success Coach when planning for the MAT 120 PLUS.

For majors requiring MAT 103 (CU: MATH 1010 listed for requirement)  
 (See the curriculum worksheet for your intended major at Clemson.)

Students making an A in MAT 101 may go directly to MAT 102.  
 Discuss retest options with students making below an A.

MAT 103 is not a prerequisite for any other math class.

For majors requiring MAT 211 (CU MATH 1150 listed for requirement) such as early childhood education, elementary education and special education.  
 (See the curriculum worksheet for your intended major at Clemson.)

NOTE: The prerequisite for MAT 212 (CU MATH 1160) is completion of MAT 211 with a "C" or better.

MPL = math placement level  
 RPL = reading placement level

\*For classes with an MPL and RPL, BOTH levels MUST be met to register for that class.

## English Track and MAT 150

ENG 101 **AND** ENG 102 transfer to Clemson as ENGL 1030.  
Only ENG 101, 102 and 103 satisfy Clemson Bridge and LIFE requirements.  
**Bridge students must have both the required RPL and EPL to register for English courses.**

### ENG 101

Students must have **BOTH** the RPL AND EPL to register for the classes below.  
If your RPL is lower than the required level for your class, you can either retest or take the appropriate RDG class.

ENG 031  
RPL 5  
EPL 5

ENG 032  
RPL 5  
EPL 10

ENG 100 or ENG 155  
RPL 15  
EPL 15

ENG 101  
RPL 25  
EPL 25

RDG 032  
RPL 5

RDG 100  
RPL 10+

ENG 101\*  
RPL 25  
EPL 25

### ENG PLUS

This is a corequisite course. Students will take ENG 150 and ENG 101 during the same semester.  
Recommended for students with an ELP 20 and RPL 20; others are admitted on a case-by-case basis.  
Contact Crystal Pitrois-Takayama ([cpitrois@tctc.edu](mailto:cpitrois@tctc.edu)) or Lynell Hecht ([lhecht@tctc.edu](mailto:lhecht@tctc.edu)) if you have any questions or need an override.

### MAT 150

Students with a 5, 10, 15, 20 MPL may take MAT 150. MAT 150 is a self-paced math program. At the end of the semester, a student who has progressed far enough is eligible to take a college-level math course the following semester. LIFE scholarship does not pay for MAT 150. MAT 150 will not count for Bridge hours. Contact Jonathan Chastain ([jchast10@tctc.edu](mailto:jchast10@tctc.edu)) or Lynell Hecht ([lhecht@tctc.edu](mailto:lhecht@tctc.edu)) if you have any questions or need overrides.

**Be sure to check the current semester offerings for any FAST TRACK or EXPRESS TRACK options.**

# 2023-2024 Clemson General Education Requirements

## Mission Statement

In order to become informed and productive citizens, undergraduate students need to think critically and creatively about substantive and often interlinked aesthetic, cultural, ethical, historical, linguistic, philosophical, societal, scientific and quantitative global challenges and issues. Therefore, in addition to being prepared to complete a major course of study, Clemson University undergraduate students are required to undertake a general education core course of study to develop and to demonstrate the ability to synthesize information relevant to complex issues, to evaluate the quality and utility of the information and to use the outcomes of their analysis to reach persuasive logical conclusions. The Clemson University undergraduate curriculum is designed such that arts and humanities, mathematics, natural sciences, social sciences and written and oral communication contribute to the holistic development of its students.

## General Education Student Learning Outcomes

### A. Communication

Students will demonstrate competence in communication through organization of a central message with supporting materials in the chosen medium.

### B. Arts and Humanities

Students will analyze, interpret and employ aesthetic, ethical, linguistic and/or philosophical discourse in relevant contexts. OR Students will create, perform, interpret, reinterpret and/or criticize artistic works.

### C. Mathematics

Students will demonstrate mathematical literacy through interpretation of mathematical forms and performing calculations.

### D. Natural Sciences

Students will demonstrate the process of scientific reasoning through experimental activity and critical comparison of their results to those predicted by accepted natural science principles.

### E. Social Sciences

Students will use social science concepts and evidence to explain human actions or behaviors in the past, the present and/or the future.

### F. Global Challenges

Students will demonstrate critical thinking through analysis of global challenges; evaluate how varying perspectives influence global challenges; and demonstrate the integration of ethics into analysis of global challenges.

## REQUIREMENTS — 31 credit hours

To meet general education student learning outcomes, 31 total credit hours are required, distributed as follows. *Note: General education requirements in some major courses of study are more restrictive than those shown below.*

### A. Communication: minimum of 6 credits

**English Composition** ..... 3 credits  
ENGL 1030 (ENGL 1020 for transfer students)

**Oral Communication** ..... 3 credits  
COMM 1500, 2500, HON 1950, 2230 or an approved cluster of courses such as AS 3090, 3100, 4090, 4100 or ML 1010, 1020\*

*Or an approved cluster of courses such as:*

ARCH 1510 - Architecture Communication ..... 5 Credits\*

ARCH 2510 - Architecture Foundations I ..... 6 Credits

ARCH 2520 - Architecture Foundations II ..... 6 Credits  
or

AS 3090 - Leading People and Effective Communication I ..... 4 Credits

AS 3100 - Leading People and Effective Communication II ..... 4 Credits

AS 4090 - National Security Policy I ..... 4 Credits

AS 4100 - National Security Policy II ..... 4 Credits  
or

BIOE 3700 - Bioinstrumentation and Bioimaging ..... 3 Credits\*\*

BIOE 4300 - Applied Biomedical Design ..... 3 Credits  
or

CE 2100 - Springer: Introduction to Civil Engineering Design I ..... 2 Credits\*\*\*

CE 4590 - Capstone Design Project ..... 3 Credits  
or

CHE 3070 - Unit Operations Laboratory I ..... 3 Credits\*\*\*\*

CHE 4070 - Unit Operations Laboratory II ..... 3 Credits

CHE 4330 - Process Design II ..... 3 Credits  
or

GEOL 3920 - Research Methods II ..... 2 Credits\*\*\*\*\*

GEOL 4920 - Research Synthesis II ..... 3 Credits  
or

HIST 2990 - Seminar: The Historian's Craft ..... 3 Credits\*\*\*\*\*

HIST 4900 - Senior Seminar ..... 3 Credits  
or

ME 4010 - Mechanical Engineering Design ..... 3 Credits\*\*\*\*\*

ME 4020 - Internship in Engineering Design ..... 3 Credits  
or

ML 1010 - Leadership Fundamentals I ..... 2 Credits

ML 1020 - Leadership Fundamentals II ..... 2 Credits

Students taking clusters must still earn at least 31 hours from the general education coursework list.

\*Students in the architecture B.A. program only.

\*\*Students in the bioelectrical concentration and the biomaterials concentration of the bioengineering B.S. program only.

\*\*\*Students in the civil engineering B.S. program only.

\*\*\*\*Students in a chemical engineering B.S. program only.

\*\*\*\*\*Students in a geology B.S. program only.

\*\*\*\*\*Students in the history B.A. program and the secondary education: teaching area - social studies/history B.A. program only.

\*\*\*\*\*Students in the mechanical engineering B.S. program only.

## B. Mathematics (minimum of 3 credit hours)

**Mathematics** .....3 credits  
 MATH 1010, 1020, 1060, 1070, 1080, 2070, STAT 2220<sup>1</sup>, 2300, 3090, STAT 3300. For early childhood education, elementary education and special education majors only, the approved cluster of MATH 1150 and 2160 satisfies the requirement.

**Natural Science with Lab**.....4 credits  
 ASTR 1010/1030, 1020/1040, BIOL 1030/1050, 1040/1060, 1090, 1100, 1110, 1200/1220, 1200/1230, CH 1010, 1020, 1050<sup>1</sup>, 1060<sup>1</sup>, GEOG 1060, GEOL 1010/1030, 1120<sup>1</sup>/1140, 2020, PHSC 1070, 1080, 1170, 1180, PHYS 1220/1240, PHYS 1800/1820, 2000, 2070/2090, 2080/2100, 2210/2230, 2240

## C. Arts and Humanities: minimum of 6 credits

**Literature** .....3 credits  
 Any 2000-level ENGL literature course (ENGL 2020, 2120, 2130, 2140, 2150, 2160), CHIN 4010, 4020, FR 3000, 3040, GER 2600, 3060, 3600, 3610, HON 1900, 2210, ITAL 3020, JAPN 4010, 4060, RUSS 3600, 3610, SPAN 3040, 3110, 3130

**Non-Literature**.....3 credits

## D. Social Sciences: minimum of 6 credits

Selected from two different fields. ....6 credits  
 AGRB 2020, ANTH 2010<sup>2</sup>, COMM 1070, 1800, 3080, ECON 2000, 2050, 2110, 2120, GEOG 1010, 1030<sup>2</sup>, HIST 1010, 1020, 1720<sup>2</sup>, 1730<sup>2</sup>, HON 1920, 2020, 2200, POSC 1010, 1030, 1040<sup>2</sup>, PSYC 2010, 2500<sup>2</sup>, SOC 2010, 2020

**Note:** AGRB and ECON are considered the same field.

## E. Global Challenges (minimum of 6 credit hours)

Global Challenges credit hours must be selected from two different fields unless identified below as interdisciplinary. At least 3 credit hours must be selected from a course(s) at the 3000-level or higher. A transfer course may not be used to satisfy the General Education Global Challenges Requirement. While a transfer course may fulfill other degree requirements, students must enroll in a Clemson course(s) on the Global Challenges list to fulfill the Global Challenges Requirement. These credits must be earned at Clemson.

	Physics C (E&M)	3, 4, 5	PHYS 2210/2230 <sup>5</sup>	4

- Notes**
- Tri-County's AP credit policies may be different than the above policies.
  - Students who earn a score of 3 or 4 should register for ENGL 1030.
  - Students who earn a score of 2 on the Calculus BC examination but have earned a score of 3 (or better) on the AB subscore of the BC examination may receive credit for MATH 1060.
  - Students should use this Clemson chart with AP Biology course awards when planning for course selection during their Bridge year at Tri-County. AP Biology scores sent to Tri-County are awarded differently than what Clemson will award. Students should follow the Clemson chart above for accurate degree progress and course selection.
  - Students enrolling in curricula requiring calculus-based physics (PHYS 1220, 1240, 2210, 2220, 2230, 2240) but who earn a grade of 5 on Physics B will be asked to meet with a departmental representative for further evaluation and placement counseling.
  - ELEC 0001 is elective-only transfer credit.
  - ENGL 1999 is English elective credit.

## 2023-2024 Clemson International Baccalaureate Credit Chart<sup>1</sup>

IB Higher Level Examination	Level Grade	Credit Allowed Toward Degree	Credits

#### Notes

1. Tri-County's IB credit policies may be different than the above policies.
2. For students needing the MATH 1060 and 1080 sequence, a score of 4 or 5 on the HL Mathematics examination earns placement in MATH 1080. Upon completion of MATH 1080 with a grade of C or better, credit will be awarded for MATH 1060. For students needing the MATH 1020 and 2070 calculus sequence, a score of 4 or 5 on the HL Mathematics examination earns placement in MATH 2070. Upon completion of MATH 2070 with a grade of C or better, credit will be awarded for MATH 1020. If the student does not enroll in MATH 1080 or 2070 or does not pass the sequential class (MATH 2070 or 1080) with a grade of C or higher, 3 credits of elective (ELEC 0001) will be awarded for a score of 4 or 5 on the Mathematics HL exam.
3. A score of 6 or 7 on the HL Mathematics examination earns credit for either MATH 1020 or 1060 but not both.
4. Courses determined on an individual basis. See department.
5. ELEC 0001 is elective-only transfer credit.
6. ENGL 1999 is English elective credit.
7. LANG 1999 is a Language elective credit.
8. MATH 1999 is a Mathematics elective credit.
9. ANTH 1999 is an Anthropology elective credit.

# Clemson University Transfer Course Equivalency List

The TCEL (Transfer Course Equivalency List) is a database containing the Clemson University course equivalencies for approximately 1,200 accredited colleges and universities nationwide. Course equivalencies are evaluated through the Office of Admissions. The TCEL is only a history of how courses have transferred to Clemson and does not represent a comprehensive list of transferable coursework for any school. If there is a course you have previously taken that is not showing up on the TCEL, the course will have to be evaluated once you apply and are accepted to Clemson. The listing for each college shows course equivalencies only and does not reflect any differences in credit hours between institutions.

The TCEL is a living document to which changes are continually being made. Evaluations for transfer credit by the Office of Admissions are based upon the best available information at the time. Revisions to a course evaluation may be made based on receipt of new information.

Transfer courses will be evaluated as a direct CU equivalent or as elective credit. Credit that has been evaluated as elective credit will be posted as ELEC 0001. Subject-area electives will be posted as 1999, 2999, 3999 or 4999 credit. Courses that do not have direct CU equivalencies (ex: ELEC 0001 or SOC 3999) may possibly be substituted for required courses in a student's degree program with approval by their major adviser. A course substitution form may be completed at that time if the major adviser approves. Substitutions of courses are processed through the Office of Enrolled Student Services.

## To access Clemson TCEL:

Visit [clemson.edu/admissions/tcel](http://clemson.edu/admissions/tcel), scroll down to "Transfer Course Equivalency List" and click on *Visit the Clemson TCEL*.

Input your college information: nation, state, city and college.

Select the course you wish to transfer within the dropdown list below. If the course you'd like to transfer is not listed, please contact the Office of Admissions with a copy of the course syllabus to have it assessed.

Click the *Get Selected Equivalencies* button in the center.

The Clemson Equivalent Course will be displayed in the right-hand column. Listed below are abbreviations you will see if a course does not have a direct CU equivalency:

- NCT 0001 = Not College Transferable.
- ELEC 0001 = Free elective credit.
- 1999, 2999, 3999 or 4999 = Subject-area elective.

## Bridge Academic Standards for Admission to Clemson

At the conclusion of the Spring semester and each Summer Session, the Clemson University Office of Admissions staff reviews each Bridge student's Tri-County transcript to determine eligibility for admission to Clemson. As part of the review, a Bridge-specific summary of earned credit hours and grade point average (GPA) is calculated for each student. This summary is used to determine whether or not the student has met the minimum Bridge academic standards required for admission to Clemson.

To meet the minimum Bridge academic standards, you must earn:

1. 30 Bridge-eligible transferable credits at Tri-County after high school graduation with a grade of C or better and
  2. a 2.5 GPA on all Bridge-eligible credits attempted.
- These standards must be met by the conclusion of the final Tri-County Summer Session of your Bridge year.

Bridge-eligible credits are defined as credits that are earned from:

1. any Tri-County course that transfers to Clemson or
2. the two selected nontransferable LIFE scholarship-eligible courses, MAT 101 and MAT 102. MAT 101 and MAT 102 are the only nontransferable LIFE scholarship-eligible Tri-County courses that count in the calculation of a student's Bridge earned credits and GPA. Any credits earned in MAT 101 and/or MAT 102 will not transfer to Clemson.

In order for a student to transfer any credits earned in a Tri-County course to Clemson, the following conditions must be met:

1. the course must have an established Clemson equivalent (specific course or transfer elective) and
2. the student must earn a grade of C or higher in the course.

### Calculation of Bridge-Earned Credit Hours and GPA

The following criteria are applied in the calculation of a student's Bridge-earned credits and Bridge GPA.

1. The coursework included in the calculation of a student's Bridge earned credits is limited to courses:
  - a. listed in the *Student Academic and Advising Guide* for Tri-County/Clemson course equivalencies, Clemson General Education requirements, LIFE Scholarship requirements and Tri-County/Clemson Academic Policies and Resources; and/or Clemson Transfer Credit Equivalency List (TCEL) as transferring to Clemson (as a course-for-course equivalent or transfer elective); or the two selected nontransferable LIFE scholarship eligible courses (MAT 101 and MAT 102 only) in which the student enrolled; and

- b. which the student completed during the Bridge year (defined as one or more of the Summer Sessions immediately following high school graduation, Fall semester, Spring semester and one or more of the Summer Sessions following the Spring semester). Any credits awarded by Tri-County to a student during the Bridge year for a transferable course as the result of a passing score on a Tri-County exemption exam will count in the calculation of credits earned; and
  - c. in which a student earned a grade of C or higher or a grade of E (exemption).
2. The coursework included in the calculation of the student's Bridge grade point average is limited to courses:
  - a. listed in the *Student Academic and Advising Guide* and/or the TCEL as transferring to Clemson (as a course-for-course equivalent or transfer elective) or as the two selected nontransferable LIFE scholarship-eligible courses (MAT 101 and MAT 102 only) that the student attempted and for which the student earned a grade; and
  - b. which the student enrolled in during the Bridge year (defined as one or more of the Summer Sessions immediately following high school graduation, Fall semester, Spring semester and one or more of the Summer Sessions following the Spring semester).
3. If, during the Bridge year, a Bridge student chooses to repeat a Tri-County course that is transferable and/or one of the selected nontransferable, LIFE scholarship-eligible courses (MAT 101 and MAT 102 only), the highest grade earned in the course is used in the calculation of the student's Bridge GPA. Credits earned for the same course are only awarded once.
4. Earned credits not included in the calculation of a student's Bridge-earned credit hours are:
  - a. any credits earned at any two-year or four-year college or university prior to high school graduation (including at Tri-County); or
  - b. any credits earned in any courses Clemson has designated as nontransferable (NCT) with the exception of the two selected nontransferable, LIFE scholarship-eligible courses (MAT 101 and MAT 102 only); or
  - c. any credits Clemson may award on the basis of Advanced Placement (AP) and/or International Baccalaureate (IB) examination scores; or
  - d. credits earned during the Bridge year for any course(s) in which a grade of D was earned; or
  - e. any duplicate credits awarded for the same Clemson course.

## Attending Summer Session to Meet Bridge Academic Standards

---

Students who do not meet the Bridge academic standards at the conclusion of the Spring semester have the option of enrolling in Tri-County Summer Session courses in order to meet the standards by the conclusion of Tri-County's final Summer Session. **While attending Summer Session is an option, students are strongly encouraged to meet the Bridge academic standards at the conclusion of the Spring semester in order to ensure a timely and smooth transition to Clemson with regard to Fall course registration and financial aid processing.**

## Admission Appeal Process

---

The Bridge admission appeal process is the means by which Bridge students who do not meet the Bridge academic standards may request a second review of their first-year academic credentials. Appeals are reviewed once a year, immediately following the conclusion of the final Tri-County Summer Session. Appeals are considered and reviewed only for students who meet all of the following criteria:

1. earned 30 or more credits in transferable and/or selected nontransferable LIFE scholarship-eligible courses (MAT 101 and MAT 102 only) at the conclusion of the final Tri-County Summer Session. Credits earned during any Tri-County Summer Session must be from transferable courses; and
2. earned a grade of C or higher in 30 or more credits in transferable or selected LIFE scholarship-eligible courses (MAT 101 and MAT 102 only); and
3. earned a cumulative Bridge GPA of 2.4 or higher; and
4. completed at least one transferable mathematics course (MAT 101 and MAT 102 do not meet this requirement), one transferable natural science with laboratory course and one transferable English course.

To initiate the appeals process, a student must submit:

- 1) a letter to the Clemson Office of Undergraduate Admissions stating why the appeal should be granted; and
- 2) a letter of support from the Clemson University Bridge program director. Appeals submitted without this letter of support will not be considered.

Appeals are reviewed only at the conclusion of the final Tri-County Summer Session. The deadline for submitting appeals to the Clemson University Office of Admissions is August 6, 2024.

## Transferability of Coursework

---

Please be advised that some transferable courses may not satisfy course requirements for a particular Clemson academic degree program. Furthermore, first-year course requirements vary by degree program. To make satisfactory progress toward completing the requirements for your intended Clemson academic program, students are strongly encouraged to enroll

only in equivalent Tri-County courses appropriate for their intended academic program. Becoming knowledgeable about course equivalencies, Clemson program-specific requirements and Bridge academic standards is the student's responsibility. Students should limit enrollment to courses listed on page 2 of this *Student Academic and Advising Guide* and refrain from enrolling in courses that do not transfer to Clemson.

With the exception of the two selected nontransferable LIFE scholarship-eligible courses (MAT 101 and MAT 102 only), any credits and grades earned at Tri-County in nontransferable courses other than MAT 101 and MAT 102 will not count toward meeting the Bridge academic standards.

Before enrolling in any course, students should complete the following steps:

1. review and identify the first-year (and, in some cases, second-year) courses required for the Clemson academic program the student plans to pursue as outlined in Clemson's *Undergraduate Catalog*; and
2. determine whether any college-level credits earned through AP, IB and/or dual enrollment will satisfy any course requirements for the intended academic program; and
3. review the courses listed on page 2 of this *Student Academic and Advising Guide* to identify the equivalent Tri-County courses for the Clemson required courses; and
4. review the Tri-County course descriptions in the Tri-County catalog to determine if there are any minimum Accuplacer score requirements or any mandatory prerequisite courses for the Tri-County courses needed to complete to make progress in the intended Clemson academic program; and
5. ensure that each identified Tri-County course is 1) transferable and 2) satisfies a general education and/or program-specific requirement for the intended Clemson academic program.

For the most current list of transferable Tri-County courses and their corresponding Clemson course equivalents, visit [clemson.edu/admissions/tcel](http://clemson.edu/admissions/tcel).

## Academic Advising for AAH Humanities Undeclared Students

---

Students may be in the AAH Undeclared major because they are unsure of their degree path and are using their time in the Bridge program to explore open enrollment majors at Clemson. They may also be interested in pursuing a closed major at Clemson and are placed into AAH Undeclared during their Bridge year. Admission to closed majors is highly competitive and cannot be guaranteed to Bridge students. **Students should identify and work toward the degree program they would pursue if admission to the closed major is denied. Students are encouraged to declare this parallel plan as their major prior to completing the Bridge program and transitioning to Clemson.** Students should utilize resources provided by the Center for Career and Professional Development, such as career counseling and online assessments, to begin the major

exploration process. Students are also strongly encouraged to meet with a Clemson adviser during the Fall semester of their Bridge year. Bridge students have access to meet with a Clemson adviser during the Advise-a-Thon (Fall) and Are You On Track? (Spring) advising events to learn more about Clemson majors. For more information, students can email Jessica Owens, Ph.D. at [dean4@clemson.edu](mailto:dean4@clemson.edu).

## Dual-Enrollment, AP and IB Credits

---

Official transcripts for any dual-enrollment courses and official AP/IB exam score reports must be sent to Tri-County to enroll in the appropriate Tri-County courses during the Bridge year. Clemson will also require an official transcript and official score reports for dual-enrollment, AP and/or IB credits to get posted to the Clemson student record.

Students with earned dual-enrollment credits should work closely with their academic adviser when reviewing course requirements for their intended major at Clemson. Tri-County will award transfer credit for a dual-enrollment course based on institution policy and guidelines. Similarly, Clemson University awards transfer credit based on institution policy and guidelines. **In some instances, transfer credit awarded by Tri-County and posted to the student's academic transcript may be different than the award Clemson University will post when the student completes Bridge and transitions to Clemson.**

AP and IB credits are awarded by Tri-County based on institution policy and guidelines. Similarly, Clemson University will award credit for AP and IB scores based on institutional policy and guidelines. **Students should carefully review the AP and IB charts for Clemson University to determine how AP or IB credits will be awarded for degree progress once the student completes the Bridge program and transitions to Clemson.**

Students with AP scores for Biology should carefully review the Curriculum Worksheet for their intended major at Clemson. **Tri-County will award course credit for AP Biology scores differently than the AP course credit awards Clemson will make once a student has completed the Bridge program and transitioned to Clemson.** Students should follow Clemson's AP chart. The AP chart outlines which Biology courses Clemson will award based on the AP Biology score report submitted to Clemson by the College Board.

## Life Scholarship-Eligible Courses

---

There are two nontransferable courses, MAT 101 and MAT 102, for which the grades and credits earned in these courses count in the calculation of a student's LIFE scholarship eligibility, including at Clemson. For this reason, these courses are also included in the calculation of a student's Bridge-specific earned credit hours and GPA.

Nontransferable courses other than MAT 101 and MAT 102 are not included in the calculation of a student's LIFE scholarship eligibility and Bridge-specific GPA and credit hours earned summary.

While LIFE scholarship eligibility is calculated for in-state students only, credits and grades earned for MAT 101 and/or MAT 102 are included in the calculation of a student's Bridge-specific earned credit hours and GPA regardless of a student's residency status.

## Exemption Credit

---

If, through the Tri-County exemption examination process, Tri-County awards a student credit for a Tri-County course, these credits count in the calculation of the student's total Bridge earned credits provided that:

1. the course for which the credits were awarded transfers to Clemson, and
2. the credits were awarded after high school graduation.

## Repeating a Course

---

If a student chooses to repeat any course while enrolled at Tri-County, the student will only receive credit for the same course once. Only the highest grade earned in the course will be calculated in the student's GPA. For example, if a student earns a D in a 3-credit course in the Fall semester and repeats the same course in the Spring semester and earns a C, the C will be calculated in the GPA and the student will earn only 3 credits for the course. A student may therefore need to take an additional 3-credit course in the Spring semester to earn the 30 credit hours required to meet the Bridge academic requirements.

## Calculating Your Bridge-Specific GPA

---

There is a worksheet on the Tri-County website that can assist students in calculating the credits and GPA required to meet the Bridge academic requirements. This worksheet can be accessed at [tctc.edu/media/2092/bridge-gpa-worksheet.pdf](http://tctc.edu/media/2092/bridge-gpa-worksheet.pdf). While faculty and staff advisers can assist students with calculating their projected Bridge-earned credits and GPA, **the student is ultimately responsible** for knowing the total number of credits and quality points needed at Tri-County to meet the Bridge academic requirements to be eligible to enroll at Clemson for the subsequent Fall semester.

## Changing Your Academic Program (Major) and Course Criteria Notes for Education and Pre-Business

---

During the Bridge year, students may change their intended Clemson academic program (excluding the academic programs listed below) by completing the online request form in the student's Slate portal ([admissions.clemson.edu/account/login](http://admissions.clemson.edu/account/login)). Due to enrollment limitations, some Clemson academic programs are not available to Bridge students during their Bridge year. Students interested in one of the academic programs listed below

need to request a change-of-academic program application from the appropriate department after enrolling at Clemson. It is important to note that the opportunity to change into one of these academic programs upon enrollment at Clemson cannot be guaranteed. The closed academic programs include communication, construction science and management, health science, language and international health, nursing and sports communication. Departmental contacts by college and major are listed in the *Student Academic and Advising Guide* and on the Curriculum Major Worksheets.

The following majors are subject to space restrictions, GPA restrictions or departmental approval: architecture, education (all majors), engineering, graphic communication, landscape architecture, performing arts (audio engineering, music and theatre), psychology and pre-business. Students who are interested in changing their major into architecture or graphic communication are advised to contact the Clemson University Office of Undergraduate Admissions ([bridgeadmission@clemson.edu](mailto:bridgeadmission@clemson.edu)) to request information on current availability for these majors.

Education majors are open majors with Competitive Entry requirements. Curriculum worksheets for each education major list the Competitive Entry requirements. Students pursuing a major in education should plan to meet with College of Education academic advisers during the Fall 2023 semester to review their status as they work to complete the Competitive Entry requirements. Students in an education major who do not meet the Competitive Entry requirements by the end of their Bridge year will be required to change their major out of education and into another open enrollment major at Clemson.

Performing arts majors (audio engineering, music or theatre) require departmental approval along with an audition. Students interested in a performing arts major should contact the departmental adviser listed in the *Student Academic and Advising Guide*.

The pre-business major now requires students to complete the following courses during their Bridge year in order to remain in the major after completing the Bridge program and transitioning to Clemson: MAT 130, MAT 230 AND either ECO 210 OR ECO 211. Students who do not meet Bridge requirements and do not successfully complete MAT 130, MAT 230 and one ECO course (210 or 211) will be required to change their major out of pre-business and into another open enrollment major at Clemson.

Closed major guides are available, along with the Curriculum Worksheets for all majors offered at Clemson, online ([tctc.edu/clemsonbridge](http://tctc.edu/clemsonbridge)) on the “Curriculum Worksheets” webpage.

Students may submit a change of major request into an open major at any time during the academic year, up through May 1,

2024. After May 1, 2024, students will not be able to submit a request in the portal until late July 2024.

## SC REACH ACT (SC. 38 as amended) Graduation Requirement

To comply with the South Carolina REACH ACT, all Clemson University undergraduate students who enter the institution beginning Summer 2021 or afterward must pass one of the following courses. The course may count as a requirement in any part of the program of study including major, minor, general education or as a free elective.

At Clemson, the courses are:	Tri-County equivalent course:
HIST 1010—3 credit hours, History of the U.S.	HIS 201—3 credit hours
POSC 1010 – 3 credit hours, American Government	PSC 201 –3 credit hours
POSC 1030—3 credit hours, Intro to Political Theory	No equivalent course at Tri-County

Students with AP, IB or dual-enrollment credit for these courses do not need to repeat them. Additional courses may be approved that can satisfy this requirement. Successful completion of coursework in compliance with the REACH ACT is a graduation requirement at Clemson University.

Bridge students should closely follow the curriculum worksheet for their intended major at Clemson and discuss REACH ACT courses with their Tri-County and Clemson adviser.

## Academic Advising and Course Registration

Each Bridge student is assigned a Tri-County faculty adviser. Students must meet with their Tri-County faculty adviser to be able to register for Spring semester or Summer Session classes at Tri-County. Assigned Tri-County faculty advisers are listed in *MyTCTC*. To ensure productive meetings with an assigned faculty adviser, students are encouraged to take the time to review and familiarize themselves with the requirements for their intended Clemson academic program and the corresponding Tri-County/Clemson course equivalencies. All important Tri-County dates and deadlines are listed on the Tri-County academic calendar available at [tctc.edu/programs/academic-calendar](http://tctc.edu/programs/academic-calendar). Reminders for specific information about Spring course advising and registration dates and procedures are emailed to all students.

In addition to the student’s assigned Tri-County faculty adviser, Clemson academic advisers and Bridge staff are also available to help students. Clemson academic advisers are full-time professional academic advisers. Students are encouraged to get to know their Clemson academic adviser. Students will have the opportunity to meet their adviser at different Bridge events during the academic year. Take note of the email announcements about the adviser visits to Tri-County and the Lightsey Bridge Commons Bridge Student Center. Clemson

advisers can answer questions about the requirements for intended degree programs and serve as an additional resource.

Weekly drop-in advising is also offered for students. At drop-in advising, students can meet with a Bridge staff member to get answers about Bridge requirements and policies. During drop-in advising, staff can also assist with changing academic programs and discuss course options. No appointment is required. Specific days, times and locations of drop-in advising will be emailed weekly to students.

## Student Codes of Conduct

### Tri-County Technical College

The Student Code for South Carolina Technical College System applies to all Tri-County students and can be found in Appendix 3 of the Tri-County College Catalog. Student conduct policies, disciplinary procedures and sanctions and Tri-County procedures for hearings and appeals can be found in the Appendix of the Catalog. The Code can be found at [tctc.catalog.acalog.com](http://tctc.catalog.acalog.com). The Code also includes information regarding the general rights of students, student government and organizations and proscribed conduct. **The Code applies to all Bridge students while on the Tri-County campus, while participating in Tri-County-sponsored events and activities and while living in Bridge-designated housing.** Students are encouraged to familiarize themselves with this Code.

### Clemson

**The Clemson Student Code of Conduct applies to all Bridge students while on the Clemson campus, in Bridge-designated housing and beyond.** The Code can be found at [clemson.edu/studentaffairs/student-handbook](http://clemson.edu/studentaffairs/student-handbook). If the Student Code for South Carolina Technical College System does not apply, the student is still subject to the Clemson Student Code of Conduct and may be adjudicated under its provisions. Students are encouraged to familiarize themselves with this Code.

### Title IX — Sexual Violence and Sexual Harassment

Both Tri-County and Clemson do not discriminate on the basis of race, color, age, religion, national origin, sex or disability in educational programs and activities as required by Title IX. Any questions regarding Title IX may be referred to Tri-County's Title IX coordinator, Clemson's Title IX coordinator or to the U.S. Department of Education's Office of Civil Rights. Sexual harassment and sexual violence refer to physical, written or verbal abuse, threats, intimidation, coercion or any physical sexual act perpetuated against a person's will or when a person is incapable of giving consent. Cases of alleged acts of sexual harassment or sexual violence will be adjudicated through the Student Code Procedures for Addressing Alleged Acts of Sexual Violence and Sexual Harassment as found in the Appendix 4 of the Tri-County 2023-2024 Catalog and at Clemson at [clemson.edu/campus-life/campus-services/access/title-ix/index.html](http://clemson.edu/campus-life/campus-services/access/title-ix/index.html).

## Transitioning From Tri-County to Clemson

Outstanding debt to either Tri-County or Clemson and/or additional holds on a student's Tri-County account will result in a student's transcript being held until the debt and/or hold is satisfied. Once a financial obligation or hold is satisfied, Tri-County will release the student's transcript within three business days. If the student has a change of grade of their coursework at Tri-County for any reason, Tri-County will release the student's updated transcript within three business days after the official grade change is processed by the Tri-County Registrar's Office/Student Data Center (RO/SDC). It is the responsibility of the student to contact Tri-County's Registrar's Office or Student Data Center to initiate an updated transcript request.

### Review of Bridge Students' Tri-County Transcripts and Conduct Records

At the conclusion of the Spring semester and each Summer Session, the Clemson University Office of Admissions staff reviews each Bridge student's Tri-County transcript to determine eligibility for admission to Clemson. Additionally, because Clemson is committed to maintaining a safe environment for all members of the Clemson community, the conduct record of all incoming first-year and transfer students, including Bridge students, is reviewed to determine whether or not the student is in compliance with Clemson's community standards. The application of a Bridge student who was found responsible for violations of Tri-County, Bridge Program and/or Clemson policies, as well as any local, state or federal laws during the Bridge year, is subject to further review. The student's conduct record is used in the review process to make a determination regarding the student's admission status.

### Meeting Bridge Standards at the Conclusion of the Spring Semester

Bridge students who meet the Bridge academic standards at the conclusion of the Spring semester are guaranteed admission to Clemson for the subsequent Fall semester. If you meet the Bridge academic standards at the conclusion of the Spring semester, you can expect to receive official written notification of your Clemson admission status in mid-to-late May. Information about registering for a Clemson Orientation session is included in the acceptance letter sent by Clemson University Office of Admissions to admitted students.

### Not Meeting Bridge Academic Standards at the Conclusion of the Spring Semester

Students who do not meet the Bridge academic and conduct standards at the conclusion of the Spring semester can remain eligible for admission to Clemson for the subsequent Fall semester by enrolling in Summer school courses at Tri-County. If you meet the Bridge academic standards by the conclusion of Tri-County's final Summer Session, you are guaranteed

admission to Clemson for the Fall semester and are not required to reapply for admission to Clemson.

In order to register for Tri-County Summer Session courses, you must first meet with your assigned Tri-County faculty adviser during the Spring semester advising and registration period. Summer school advising and registration dates can be found on the Tri-County academic calendar at [tctc.edu/programs/academic-calendar](https://tctc.edu/programs/academic-calendar).

The contract with Clemson University Housing & Dining ends at the conclusion of the Spring semester. To learn more about the available summer Housing options, please see the Housing webpage: [housing.clemson.edu/housing/](https://housing.clemson.edu/housing/).

Living in Clemson summer housing allows students to take advantage of helpful Clemson resources, including the Cooper Library, the Academic Success Center and the CAT bus. Students wishing to reside at Clemson during the summer should work directly with the associate director for transfer academic programs at Clemson.

Bridge students who are eligible for admission to Clemson at the conclusion of any Tri-County Summer Session are notified via email to the student's Clemson email address. The email directs students to log into their student portal to review their status. Students follow enrollment steps outlined in their portal to review Clemson Orientation dates, register for their Orientation session, and follow the prompts in the portal to confirm they plan to enroll for the Fall 2024 semester. The email also contains information about registering for one of the required Clemson transfer Orientation sessions held in June, July or August. A student cannot register for Orientation until officially admitted to Clemson.

Eligibility to attend the Clemson transfer Orientation sessions held in June, July or August depends on when the student meets the Bridge admissions requirements during the Summer Session at Tri-County.

### **Not Meeting Bridge Academic Standards at the Conclusion of Summer Session**

If a student does not meet the Bridge to Clemson academic and conduct standards (admissions requirements) by the conclusion of the final Tri-County Summer Session, their Bridge offer and subsequent admission guarantee expire. The student may apply for transfer admission to Clemson for a future term of enrollment beginning with the Spring semester following the Bridge year. A student should review the Clemson University Office of Admissions information for transfer applicants online ([clemson.edu/admissions/applying-to-clemson/transfer-students.html](https://clemson.edu/admissions/applying-to-clemson/transfer-students.html)) to apply to Clemson University at a later date.

### **Intended Clemson Academic Program**

Students who meet the Bridge academic requirements are admitted to Clemson in the academic program:

1. as recorded on their Bridge to Clemson invitation letter or
2. into which they changed during their Bridge year.

If, after being admitted to Clemson, a student wishes to change their academic program, the student may request a change by logging into the Bridge portal (Slate) and submit their request electronically. Students should be aware that the opportunity to change their intended major for Clemson will be limited during the summer Orientation season. Students should contact their Clemson adviser for more information.

**It is important to note that the opportunity to change into one of the closed academic programs cannot be guaranteed to any Clemson and/or Bridge student.**

### **Transferring AP/IB and Dual-Enrollment Credits to Clemson**

Clemson University Office of Admissions coordinates the process of transferring college-level credit for all admitted Clemson students, including Bridge students. If you wish to transfer any AP, IB and/or dual-enrollment credits you earned prior to your Bridge year to Clemson, you must arrange to have your AP or IB score reports and/or an official transcript sent directly to Clemson University Office of Admissions. After review, all transferable credits get posted to your Clemson student record.

### **Withdrawal from Tri-County and/or Bridge**

We hope that Bridge students succeed during the Bridge year. Unfortunately, circumstances — such as illness, making unwise decisions or a change in career goals — may require a student to withdraw from Bridge and/or Tri-County.

If you need to withdraw from Tri-County, please see the Bridge Programs Office at Tri-County to initiate your withdrawal process. Students who withdraw from the Bridge Program at any time during the academic year (Fall, Spring or Summer) are not eligible to reapply for transfer admission to Clemson for the Fall semester immediately following the Bridge year but may apply for transfer admission to Clemson for a future term of enrollment beginning with the Spring semester following the Bridge year.

## LIFE Scholarship Eligibility Information

---

The LIFE Scholarship is a four-year scholarship that is awarded to eligible South Carolina resident students for two terms (Fall and Spring) during each academic year (up to a maximum of eight terms over four years). Prior to the start of the Fall semester, Tri-County's financial aid office reviews all Bridge students to determine which students meet LIFE first-year eligibility requirements.

To be awarded the LIFE Scholarship for the second year of college, a first-year student must earn the following at the conclusion of the academic year (the academic year is defined as Fall, Spring and Summer):

3. A minimum of 30 credit hours of eligible college-level coursework.
4. A minimum 3.0 cumulative GPA.

To maintain LIFE eligibility for the third and fourth years of college, a student must earn the following:

1. A minimum of 60 credit hours of college-level coursework and 3.0 cumulative GPA by the conclusion of the second year in college.
2. A minimum of 90 credit hours of college-level coursework and 3.0 cumulative GPA by the conclusion of the third year in college.

Students are reviewed at the end of the Spring term and Summer term to determine their LIFE eligibility for the upcoming academic year. Students cannot gain or regain eligibility midyear.

## Calculation of Credit Hours and GPA To Determine LIFE Eligibility

---

Any credit hours awarded to a student from 1) dual-enrollment coursework during high school; 2) AP/IB exam scores; 3) coursework completed during the academic year at Tri-County; 4) a Tri-County exemption examination; and 5) Summer Session coursework completed at any college or university after the Bridge year will be applied in the calculation of credit hours to determine a student's LIFE eligibility.

An "all-college" GPA is calculated and used only for determining a student's LIFE Scholarship eligibility. The all-college GPA is calculated by totaling all of the grade (quality) points a student earned in all college-level courses from all colleges attended and then dividing the cumulative number of credit hours attempted in all college-level courses from all colleges attended. All in-state and out-of-state college course grades, including those from dual-enrollment courses completed during high school, count in calculating the all-college GPA. Grades earned in remedial (with the exception of MAT 101 and MAT 102 only) and duplicate courses are not included in the LIFE GPA.

Credit hours and grades earned during the Summer Session prior to the start of a new academic year are included in the LIFE GPA calculation to determine if a student is eligible for the LIFE Scholarship at the start of the new academic year. Students may use this *LIFE GPA calculator* as a resource when determining their potential eligibility.

## LIFE Scholarship Enhancement

The LIFE Scholarship Enhancement funds are available for eligible students during their second, third and fourth years of

college. In order to receive the LIFE Enhancement, students must 1) have earned 14 credit hours of approved math and science coursework at the conclusion of their first year of college and 2) be enrolled in one of the approved math- and science-related academic programs. Please note that general engineering does not qualify as an approved program for the LIFE Enhancement. To become eligible for the LIFE Enhancement, general engineering students must complete all general engineering course requirements by the end of their first year of college and be accepted into one of the approved engineering programs. The approved LIFE Enhancement academic programs and Tri-County math and science courses satisfying the 14-credit-hour rule are listed on this page.

### Academic Programs Eligible for the LIFE Enhancement

Agricultural Education	Geology
Agricultural Mechanization and Business	Health Science*
Animal and Veterinary Sciences	Horticulture
Biochemistry	Industrial Engineering
Bioengineering	Materials Science and Engineering
Biological Sciences	Mathematical Sciences
Biosystems Engineering	Mathematics Teaching
Chemical Engineering	Mechanical Engineering
Chemistry	Microbiology
Civil Engineering	Nursing*
Computer Engineering	Packaging Science
Computer Information Systems	Physics
Computer Science	Plant and Environmental Systems
Electrical Engineering	Pre-Pharmacy
Environmental and Natural Resources	Pre-Professional Health Studies
Environmental Engineering	Pre-Rehabilitation Sciences
Food Science and Human Nutrition	Science Teaching
Forest Resource Management	Secondary Education (Mathematics)
Genetics	Turfgrass
	Wildlife and Fisheries Biology

\*These majors are not available to Bridge students during their Bridge year.

### Tri-County Math and Science Courses Satisfying the “14-Credit-Hour” Rule at Clemson

AHS 102	BIO 240	EGR 275	MAT 212
AST 101	CHM 110	HSS 205	MAT 230
AST 102	CHM 111	MAT 103	MAT 240
BIO 101	CHM 106	MAT 109	MAT 242
BIO 102	CHM 107	MAT 110	PHS 101
BIO 105	CHM 211	MAT 111	PHS 102
BIO 113	CHM 212	MAT 120	PHY 201
BIO 114	CPT 170	MAT 130	PHY 202
BIO 202	CPT 212	MAT 137	PHY 221
BIO 209	CPT 234	MAT 138	PHY 222
BIO 210	CPT 270	MAT 140	SFT 109
BIO 211	EGR 269	MAT 141	
BIO 225	EGR 270	MAT 211	

### LIFE Scholarship and Enhancement Summary Chart

	Stipend Amount	Continued Eligibility	AP/IB Credits	Duplicate Credits	Exemption Credits	Maximum Stipends
LIFE	\$5,000	Each academic year earn: 1) average of 30 credit hours. 2) cumulative 3.0 GPA (all college work included).	Count for calculation of total credits	Do not count	Count for calculation of total credits	8
Enhanced LIFE	\$7,500	Above requirements plus be a second-, third- or fourth-year student in approved math or science major and earn 14 math and/or science credits by end of first year	Count for calculation of total credits	Do not count	Count for calculation of total credits	6

*Health Science, all concentrations*

Erin Siders, [esiders@clemson.edu](mailto:esiders@clemson.edu)

## Tri-County and Clemson Academic Advising and Success Resources *(continued)*

### Nursing

Kayla Taylor, [kstaylo@clemson.edu](mailto:kstaylo@clemson.edu)

### Parks, Recreation, and Tourism Management

Allysa Sutton, [allysas@clemson.edu](mailto:allysas@clemson.edu), 864-656-2651

### Psychology

Stacey Marcus, [staceym@clemson.edu](mailto:staceym@clemson.edu), 864-656-2570

Sydney Porter, [sporte4@clemson.edu](mailto:sporte4@clemson.edu)

### Wilbur O. and Ann Powers College of Business

*Pre-Business (required for Accounting, Economics — B.S., Financial Management, Management and Marketing) and Economics — B.A.*

### Graphic Communications

Naomi McRedmond, [nmcredm@clemson.edu](mailto:nmcredm@clemson.edu), 864-656-3447

### College of Education

#### Early Childhood Education

Stacy Dillard, [swolfe2@clemson.edu](mailto:swolfe2@clemson.edu), 864-656-3872

Staci Koonce, [skoonce@clemson.edu](mailto:skoonce@clemson.edu), 864-656-0491

*Human Capital Education and Development, Middle Level Education: Language Arts and Social Studies, Middle Level Education: Math and Science*

Stacy Dillard, [swolfe2@clemson.edu](mailto:swolfe2@clemson.edu), 864-656-3872

*Science Teaching: Biological Sciences, Science Teaching: Chemistry, Science Teaching: Physics, Secondary Education: English, Secondary Education: Mathematics, Secondary Education: Social Studies (History), Mathematics Teaching*

Jamie Garland, [jgarlan@clemson.edu](mailto:jgarlan@clemson.edu), 864-656-3180

*Special Education, Elementary Education, Modern Languages Education: American Sign Language, Modern Languages Education: French, Modern Languages Education: Spanish*

Valerie Oonk, [vwhite@clemson.edu](mailto:vwhite@clemson.edu), 864-656-3482

### College of Engineering, Computing and Applied Sciences

*General Engineering (required for Bioengineering, Biosystems Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, Materials Science and Engineering and Mechanical Engineering)*

Tim Liddy, [tliddy@clemson.edu](mailto:tliddy@clemson.edu), 864-656-3088

### Computer Information Systems and Computer Science

Chris Plaue, [cplaue@clemson.edu](mailto:cplaue@clemson.edu), 864-656-0944

### Geology

Alan Coulson, Ph.D., [acoulso@clemson.edu](mailto:acoulso@clemson.edu), 864-656-1897

### College of Science

*Biochemistry, Biological Sciences, Chemistry, Genetics, Mathematical Sciences, Microbiology, Physics, non-degree programs (Pre-Pharmacy and Pre-Professional Health Studies)*

Adam Hunter, [hunter3@clemson.edu](mailto:hunter3@clemson.edu), 864-656-3288

### Health Professions Advising (career advising)

Harolynn Williams, [harolyw@clemson.edu](mailto:harolyw@clemson.edu), 864-656-4154

### Bridge Program Advisers

#### Clemson

*General advising, Bridge policies and change-of-academic-program information*

Mary Von Kaenel, Ph.D., [mkaenel@clemson.edu](mailto:mkaenel@clemson.edu), 864-656-5276

Alexa Richards, [atriant@clemson.edu](mailto:atriant@clemson.edu), 864-656-9922

Johan Hakansson, [jhakans@clemson.edu](mailto:jhakans@clemson.edu), 864-656-1681

Mickayla Crumley, [mickayc@clemson.edu](mailto:mickayc@clemson.edu)

#### Tri-County

*General advising, Bridge policies and change-of-academic-program information*

Bridge Program Office, Anderson Hall 168, [bridgetoclemson@tctc.edu](mailto:bridgetoclemson@tctc.edu), 864-646-1681

Amy Cromer, [acromer6@tctc.edu](mailto:acromer6@tctc.edu), 864-646-1609

Chris Maddox, [cmaddox@tctc.edu](mailto:cmaddox@tctc.edu), 864-646-1683

Amy Jennings, [ajennin4@tctc.edu](mailto:ajennin4@tctc.edu)

Deniece Cantu, [acantu@tctc.edu](mailto:acantu@tctc.edu)

### Academic Success Resources

#### Learning Commons of Tri-County Technical College

*Writing and research skills assistance, math and science tutoring, library services and study room reservations*

Student Success Center, third floor

[tctc.edu/tutoring](http://tctc.edu/tutoring), 864-646-1367, [tutoringcenter@tctc.edu](mailto:tutoringcenter@tctc.edu)

[tctc.edu/life-at-tctc/academic-resources/library/](http://tctc.edu/life-at-tctc/academic-resources/library/), 864-646-1750, [library@tctc.edu](mailto:library@tctc.edu)

#### Clemson Academic Success Center (ASC)

*Tutoring and academic skill-building workshops*

[clemson.edu/asc](http://clemson.edu/asc), 864-656-6452

#### Academic Coaching

*One-on-one sessions with upperclass students on time management, test taking, study tips*

Alexa Richards, [atriant@clemson.edu](mailto:atriant@clemson.edu), 864-656-9922

#### Supplemental Instruction

*Peer-led review for accounting, biology, chemistry, physics and mathematics*

Johan Hakansson, [jhakans@clemson.edu](mailto:jhakans@clemson.edu), 864-656-1681
