

TCTC Strategic Plan Fiscal Year 2017

Driving Organizational Success through Our People

- Incorporate competencies into recruiting and hiring practices
- Develop a diversity plan
- Design a service hub model for strengthening business and industry relations

Reinventing Our Offerings to Adapt to Changing Realities

- Define classroom technology standards
- Create a student recruitment framework
- Create a delivery mode approach for program offerings that increases success and sustains accessibility
- Complete the design-phase of the Oconee County Workforce Development Center Project
- Complete the construction/design phase of the Student Success Center Project

Positioning and Equipping Students for Success

- Design an integrated PLA (prior learning assessment) process
- Implement the Technical Skills for Success programs for post-traditional students
- Develop and implement a One-Stop Center
- Create a framework for using student characteristics to inform service, support, and programming

Embracing Personal Responsibility for Students' Learning

- Develop a student engagement strategy
- Implement High Impact Educational Practices (Quality Enhancement Plan)
- Develop intrusive academic support structures that boost student success

Transformative Student Experience

The Transformative Student Experience ignites student transformation by creating a challenging, caring, and supportive learning environment where everyone embraces personal responsibility for **MAINTAINING HIGH STANDARDS, INVESTING IN EACH OTHER, ENGAGING IN AUTHENTIC AND OPEN COMMUNICATION, and CULTIVATING A SENSE OF BELONGING.**
