

Medical Billing & Coding

The main role of medical billing and coding specialists is to ensure health providers are paid for medical services rendered. They are responsible for the accurate flow of medical information and patient data between physicians, patients, and third-party payers. Without them, healthcare businesses could not function efficiently.

Prerequisite course includes:

- Medical Terminology with Anatomy & Physiology

Entry Requirements

- Picture ID (ex. Driver's License)
- Health Care Application
- A High School Diploma or GED
- WIN/WorkKeys testing (Level 3, Silver Score Required)

Program Details

This program assists students in preparation to take the AAPC CPC Certification Examination.
