Instructions for Immunization Record Form

A minimum of a month and year is required for each item listed in the Immunization History.

CPR

American Heart Association BLS for Healthcare providers CPR is required, which includes adult, infant, and children CPR with AED and choking. Online CPR Certification or recertification is not acceptable.

***In addition to the above CPR requirements, the Medical Assisting program requires American Heart Association Heartsaver First Aid.**

Chickenpox (Varicella)

Documentation of Immunity must be determined either with proof of immunization (2 vaccines), or titer (blood test) showing positive immunity. **If titer is negative, 2 vaccine series must be completed.** History of disease is not sufficient.

Flu

Documentation of Flu vaccination is required annually each fall. No titer can be used for this vaccination. Vaccines should be administered after September 1 of that current year.

(Program specific deadline dates may apply)

Hepatitis B Vaccinations

Documentation of either the series of three vaccinations must be completed or a titer must be performed showing positive immunity. **If the titer is negative, student must repeat 3 series vaccine and repeat the titer after series. If still negative after repeating the series, student must provide documentation as a non-responder with a Doctors signature.** The normal course of administration is one month between the first and second administrations, with the third administration following five months after the second.

MMR (Measles, Mumps, Rubella)

Documentation of Immunity must be determined either with documentation of 2 series immunization, or titer (blood test) showing positive immunity. **If titer is negative, on one component (mumps, measles, or rubeola) then student must have a booster shot for that component. If the titer is negative on more than one component then the student must have a 2 vaccine series completed.** If born prior to 1957, documentation of one MMR, or live virus vaccine must be provided. If born on or after January 1, 1957, documentation of receipt of two doses MMR must be provided.

Tetanus

Documentation of a Tetanus vaccination is required and must be renewed every ten years. No titer can be used for this vaccination.

TB Skin Test **(program specific requirements and deadline dates may apply)**

A two-step TB Skin Tests (PPD) is required for all Health Education students with an annual 1-Step PPD. Previous two steps are accepted, as long as the two step has been within a year of entering the program, then only a 1-Step PPD will be required thereafter. If a positive skin test occurs, the student will need to have a chest x-ray completed showing that the student has no evidence of TB. Chest x-rays must be repeated every five years. **Medical Assisting results should be documented in millimeters (mm) of induration as well as positive or negative.**
