Accuplacer Placement Level Interpretation Guide for MAT 137, 140 and 130

If the major lists MATH 1020 or MATH 1060, MATH 1020 is the less rigorous option
MAT 031/032/101/102 DO NOT TRANSFER TO CLEMSON

For majors requiring MAT 140 (CU: MATH 1060 listed for requirement), i.e. General Engineering, Most Science Majors, Mathematics, Computer Science (BS), Packaging Science, etc. (See Curriculum worksheet for your intended major at Clemson)

Students may take MAT 137 (FALL) and MAT 138 (SPRING) to satisfy the MAT 140 requirement. BOTH MAT 137 and MAT 138 must be completed with an A, B or C to transfer for credit as MAT 140

For majors requiring MAT 140 (CU: MATH 1060 listed for requirement), i.e. General Engineering, Most Science Majors, Mathematics, Computer Science (BS), Packaging Science, etc. (See Curriculum worksheet for your intended major at Clemson)

For majors requiring MAT 130 (CU: MATH 1020 listed for requirement), i.e. Pre-Business, Computer Science (BA), Food Science, Horticulture, etc. (See Curriculum worksheet for your intended major at Clemson)

MPL = math placement level
RPL = reading placement level
*For classes with a MPL and RPL BOTH levels MUST be met to register for that class.
