

Electronic Submission of ATI scores for TEAS assessments taken at locations other than TCTC testing sites.

A student is responsible for having scores sent from ATI to Tri-County Tech, if s/he took the test at another location other than the Pendleton or Easley TCTC campuses. Students who tested virtually with ATI and selected TCTC as one of their receiving institutions prior to testing should not have to pay for transfer of their scores. Scores more than three years old will not be used.

To allow the Assessment Center ample time to process these electronic scores, score reports must arrive no later than one business day prior to the Nursing Clinical Entry Application deadline for the term a student applies to enter clinical classes.

Instructions: Sign on to ATItesting.com and go to the online store. Select the score transfer for a fee of \$27 (subject to change). The TCTC Testing Center will receive your scores via email. Students should also send an email to testing@tctc.edu informing the Testing Center that they have requested a TEAS score transfer. This email should include the student's T number and date of birth to ensure the scores are posted to the correct student account.
