

Architecture Curriculum Worksheet

(2022-2023)

CLOSED MAJOR

This worksheet outlines the required courses for this major. Students are expected to be familiar with general education and major-specific requirements for their intended major as outlined in the Clemson Undergraduate Catalog. Additionally, students must satisfy any Tri-County prerequisites for the courses below. To complete Bridge program requirements, students must earn 30 credits at Tri-County and a 2.5 GPA during their Bridge year (fall, spring, and optional summer, if needed). Students should consult the backside of this worksheet, the Undergraduate Catalog, and the Bridge Academic Guide for Clemson course equivalencies and alternative courses if students wish to enroll in other classes or if any of the following requirements have been met through dual enrollment or AP/IB credit. Advising worksheets are supplemental planning aids and are for informational purposes only.

Note: This major has reached capacity for the 2022 – 2023 academic year and is now considered a **closed major**. Admitted Architecture students should attempt to meet Bridge requirements by the end of the Spring semester and take first-year studio courses (ARCH 1010 and ARCH 1510) in the summer following their Bridge year. This will keep students on track to graduate in four years. Students who need summer school to meet Bridge requirements will add an additional year to their undergraduate degree. Those interested in changing their major to Architecture should see the reverse side of this page for instructions.
