TCTC
Tri-County Technical College

A Message from President DeHay

Dear Tri-County Community,

The safety of students, faculty, staff and visitors is a top priority for Tri-County Technical College.

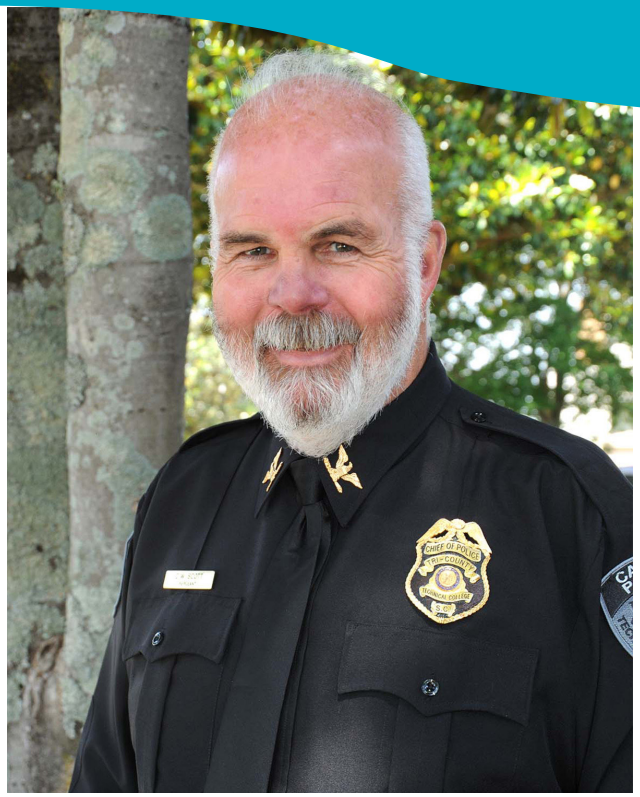

The TCTC Police Department webpage (tctc.edu/campus-police) provides information on all aspects of campus safety, including the College's annual Safety and Security Report. This report outlines our policies and procedures, prevention tips, and crime statistics.

While we may not be able to eliminate all crime, we can each do our part to minimize it. Maintaining a safe environment is a responsibility we all share. I encourage you to review this report, stay aware and report any suspicious activity to campus police.

I appreciate your commitment to the safety of our college community.

In your service,

Galen DeHay, Ph.D.
President

information to the campus community. Tri-County Technical College, Campus Police, and any assisting law enrollment agencies will maintain the victim's name and personal information as confidential.

The TCTC Office of Student Development will investigate any report of sexual assault on campus involving a student and will be responsible for initiating disciplinary proceedings. This office can be reached at (864) 646-1871 or in person during normal business hours on the Pendleton Campus, Student Success Center Suite 208. Both accuser and the accused are entitled to due process, and both will be notified of the outcome on any disciplinary actions.

If you feel uncomfortable, call Campus Police for an escort at 646-1800 (Pendleton Campus or Industrial Technology Center), 260-6718 (Anderson Campus), 220-8989 (Easley Campus), and 613-1901(Oconee Campus).
- Develop a "what if" mentality that allows you to make a plan for how to escape a bad situation. It is better to be prepared for anything.

DO NOT

- Work alone in isolated settings, especially on weekends, holidays, or late at night.
- Prop doors or windows open, or leave keys and other personal items lying around.

DO

- Avoid isolated or dark places where you cannot summon help. Stay with a group of friends in well-lit areas.
- Observe others in the area before leaving a building. Report strangers or unusual events to Campus Police immediately.
- Call Campus Police for an escort if you cannot avoid walking alone.
- Avoid one-on-one meetings with acquaintances or strangers.
- Lock your vehicle doors and keep valuables out of sight. When approaching vehicles, look for people hiding beneath or in rear seats or in bushes nearby. Have your car keys ready in your hands.
- Call Campus Police if you have car trouble. Use emergency phones if needed.
- Have a plan of action if you find yourself in a threatening situation. Be prepared to run, scream, or even resist attack.
- Know where emergency telephones are located. (Locations are on page 1 of this publication.)

Criminal Actions/Emergency Reporting/Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Campus Police, constitutes an ongoing or continuing threat, a campus wide "Timely Warning" will be issued. A Timely Warning will be issued in a number of ways. Using the college's mass notification system called Regroup, an e-mail, text and voice message will be sent to anyone who has registered with this notification system. The warning may also be scrolled across the TCTC homepage, delivered to areas in person by Campus Police Officers or other TCTC Personnel. The Campus Police Department maintains communication with local emergency services departments and has requested these departments notify the college immediately in the event an incident off-campus constitutes the need for a Timely Warning for the campus community.

Anyone with information warranting a timely warning should report the circumstances to Campus Police at (864) 646-1800 for Pendleton and Industrial Technology Center (ITC), (864) 260-6718 for Anderson Campus (AC), (864) 220-8989 for Easley Campus (EC), (864) 613-1901 for Oconee Campus (OC), or in person at the Campus Police offices on each campus.

Disclosure of Crime Statistics

The Department of Campus Police prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at www.tctc.edu. This report is prepared in cooperation with the local law enforcement agencies surrounding our campuses and the Dean of Student Development. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to Campus Police, designated campus officials (including but not limited to directors, deans, department heads, judicial affairs, advisors to students/ student organizations, athletic coaches), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. Each year, an e-mail notification is made to all enrolled students, faculty, and staff that provide the web site to access this report. Copies of the report may also be obtained at any Campus Police Office located on any campus or by calling (864) 646-1800. All prospective employees may obtain a copy from Human Resources.

As mentioned in the Reporting of a Criminal Offense section of this document any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings should be reported to Campus Police. In addition you may report a non-emergent crime to the following areas (Campus Police Authorities):

1. Dean of Student Development - (864) 646-1552
2. Student Support and Engagement - (864) 646-1605
3. Human Resources - (864) 646-1792
4. Bridge Office - (864) 646-1681

Campus Police and the Sheriff's Offices of Anderson, Oconee, and Pickens Counties have a mutual aid and working agreement. Each department augments the other within their jurisdictions during mutual investigations, arrest, and prosecutions. Campus Police personnel communicate with local law enforcement agencies to exchange ideas and problems which may be of concern for the College community.

Voluntary Confidential Reporting

The Department of Campus Police encourages anyone who is the victim or witness to any crime to promptly report the incident to the Campus Police. Because police reports are public records under State law, the Department of Campus Police cannot hold reports of crime in confidence after an investigation is complete. Law enforcement is able to retain information from disclosure during an active investigation. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other TCTC campus security authorities as identified in this document.

The college offers a confidential student assistance program called MyGroup which is available for students 24 hours a day, 7 days a week and can be reached at 1-(800) 633-3353 or visit mygroup.com (username: tctc60, password: guest). The same program is available for employee assistance and employees can reach this service at 1-(800) 633-3353. Off-campus local Domestic Violence Advocates and Support Contacts that are also available for students, faculty and staff include; Pickens County Advocacy Center at 1-(864) 442-5500 and Safe Harbor at 1-(800) 291-2139.

All crimes reported to the Campus Police Department will be investigated.

Safety Awareness Programs

During orientations, students, faculty, and staff are informed of services offered by the Department of Campus Police. Students are told about crime on-campus and in surrounding neighborhoods. Similar information is presented to new employees. Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis. Information on awareness programs can be located at the Campus Police Office or the Office for

Student Development. Both offices are on the Pendleton Campus. Specific information available includes; information on a Domestic Violence Protection Plan, flyers on the previously mentioned on campus and off campus domestic violence resources and advocates, information on rights concerning sexual assault on campus and other related documents on stalking, sexual assault and dating violence.

It is important to remember that stalking, sexual assault, domestic violence and dating violence in any form is absolutely unacceptable and should be immediately reported. Immediate action will be taken when any such incident is reported and resources will made available to parties involved.

Periodically during the academic year Campus Police, in cooperation with other College organizations and departments, present crime prevention awareness sessions on sexual assault (rape and acquaintance rape), illegal drug abuse, alcohol abuse, theft, and vandalism, as well as educational sessions on personal safety.

Criminal Activity Off Campus

When a TCTC student is involved in an off-campus offense, police officers may assist with the investigation in cooperation with local, State, or federal law enforcement. Anderson, Oconee, and Pickens county law enforcement officers routinely work and communicate with campus officers on any serious incidents occurring on- or off-campus involving TCTC Students. TCTC does not own any off-campus housing or off-campus student organization facilities. Campus Police routinely works with local law enfocement agencies to enforce all laws of South Carolina.

Emergency Preparedness Plan

Pursuant to its obligations the college has established an Emergency Preparedness and response plan that provides protective measures for the health and safety of our students and staff during an emergency situation. The college through its partnerships with local law enforcement and emergency management professionals continues to upgrade the plan.

To report a Campus Emergency call 911 or contact Campus Police at; (864) 646-1800. The Department of Campus Police or a member of the college's executive staff will determine if there is a significant emergency or threat to the college.

In the event the college needs to inform you of an emergency situation to include a weather emergency this information will be provided in a number of different ways. The college will use a ReGroup system which will send e-mail messages, text messaging and phone calls to members of the campus community. The college website will post alerts, and local media outlets could be an additional source of information to include television and radio.

The message will be sent without delay unless it is determined by responsible authorities that the message could in some way compromise the safety of a victim or efforts to contain or respond to an emergency. The content of the message will be determined by the Director of Campus Police or his designee, or a member of the college's Executive Staff. The information provided will not only indicate the reason for the alert but will provide information on what immediate action should be taken.

The disseminating of information to the larger community will be coordinated through the Public Relations Officer by the Department of Campus Police or a member of the college's Executive Staff. These emergency procedures and response plans will be tested on an annual basis which will include announced or possibly unannounced drills.

Emergency Procedures

In the event of a medical emergency in your presence do not move the injured or ill person unless threatened by fire or other imminent danger and immediately call 911 or Campus Police (864) 646-1800 for Pendleton, (864) 260-6718 for Anderson Campus (AC), (864) 220-8989 for Easley Campus (EC), (864) 613-1901 for Oconee Campus (OC), and (864) 646-1800 for Industrial Technology Center (ITC).

In the event of a fire emergency follow these general procedures when the fire alarm sounds:

1. All staff and students will leave the building immediately and proceed to the nearest main parking lot.
2. If there is a handicapped person in your class or office, it may be necessary to make arrangements with others to help carry the person to safety.
3. In the event that the nearest exit is the source of fire and/or is filled with smoke, use the next nearest exit.
4. Do not use elevators.
5. Do not open a door until you touch it to determine that it is warm or hot.
6. Remain in the parking lot until an all clear has been announced by the Department of Campus Police or their designee.

In the event of a tornado warning while you are on campus, all employees, students, and visitors in any College facility should follow these general procedural guidelines.

1. DO NOT GO OUTSIDE.
2. Do not use telephones.
3. Do not stand near glass-enclosed spaces.
4. Proceed to a safe shelter area for your facility.
5. Do not use open flame (candles, lighters, etc.).
6. Remain calm and wait for an "all-clear" announcement.

In the event of a dangerous of violent situation on campus you may be told to shelter-in-place to avoid the danger. If you are doing this the following general guidelines should be followed;

1. Stay where you are or go into the nearest room with a door.
2. Secure the immediate area, whether a classroom, residence hall room, office, or restroom.
3. If possible, lock or barricade the door. Block the door using whatever is available: desks, tables, file cabinets, other furniture, books, etc.
4. After securing the door, stay out of sight away from the door and behind solid objects that might offer additional protection (walls, desks, file cabinets, bookshelves, etc.) as much as possible.
5. If an assailant enters the room and then leaves, lock or barricade the door behind him/her.
6. If safe to do so, allow others to seek refuge with you.
7. Take appropriate steps to reduce your vulnerability:
    - Close blinds or curtains.
    - Close and block windows.
    - Turn off radios and computers.
    - Silence cell phones.
8. Keep people calm and quiet.
9. Do not sound fire alarms. This may cause others to flee the building and put them at risk.
10. Remain sheltered until the "all-clear" message is given by authorities. The "all-clear" message will most likely be communicated the same way the "*shelter in place*" message was sent. Additionally, Campus Police personnel, local law enforcement officers, and emergency medical services personnel will most likely go room to room to relay the "all clear" message.

Hazing Prevention and Response

Tri-County Technical College is committed to fostering a safe, respectful, and inclusive environment for all students. Hazing in any form is strictly prohibited and is not tolerated within any College-recognized student organization or unofficial student group, including clubs, societies, associations, fraternities, sororities, bands, student leadership organizations, club sports, and athletic teams. Students are expected to uphold these standards and refrain from participating in, encouraging, or condoning hazing activities.

The College encourages students, faculty, and staff to promptly report suspected hazing through the Dean of Students, Director of Student Engagement and Advocacy, Campus Police, or the reporting resources available through the Student Reporting portal. All reports are addressed through a prompt, thorough, and impartial investigation conducted in accordance with the Student Code for the South Carolina Technical College System. Individuals or organizations found responsible for hazing may face disciplinary action, including possible revocation of organizational recognition or privileges.

Tri-County Technical College is also dedicated to supporting individuals affected by hazing. Students may access assistance through Student Support services, including counseling, personal support resources, student assistance programs, and referrals to community agencies. To further promote a culture of safety and accountability, the College provides research-based hazing prevention education and training. Student leaders in recognized organizations receive instruction on hazing definitions, prevention strategies, and their responsibilities in maintaining a safe campus community.

In 2024, the Clery Act (section 485(f) of the Higher Education Act) was amended by The Stop Campus Hazing Act to provide increased transparency around hazing incidents on college campuses. The College is compliant with The Stop Campus Having Act and publishes a hazing transparency report semi-annually. This report is available at: https://www.tctc.edu/life-at-tctc/student-services-and-support/your-rights-and-responsibilities/.

Note on Historical Statistics: Prior to 2025, the Industrial Technology Center operated as a dependent community site under the Tri County Technical College Main Campus. Due to institutional growth, this location was designated as a standalone separate campus for Clery Act reporting purposes effective 2025.

Crime statistics are required to be disclosed for the three previous calendar years. For the years 2023 and 2024, there were zero (0) reportable Clery crimes recorded on the geography of this campus during its timeframe as a dependent site. Active crime statistic tracking specific to this independent entity officially yielded reportable data beginning in 2025.

The Clery Act

The Clery Act is a federal law requiring colleges and universities that receive federal financial aid, in the form of Title IV funding, to disclose information about particular crimes on and around their campuses; develop campus security and reporting procedures; and provide safety and crime information and policies to members of the campus community. It is the policy of the University of California to comply with its obligations under the Clery Act and California law. Each campus is responsible for establishing appropriate procedures to implement the Clery Act requirements.

History of the Clery Act:

To help you understand the purpose and importance of the Clery Act, let's consider its history. In 1986, Jeanne Clery was raped and murdered in her dorm room at Lehigh University in eastern Pennsylvania. It was one of 38 violent crimes that occurred at Lehigh within a three year span. Jeanne Clery's parents argued that, had they known Lehigh's crime record, Jeanne would not have attended the University. The Clery Act was enacted in 1990, in Jeanne's memory, to help prevent others from becoming victims of similar crimes.
