

Environmental and Natural Resources Curriculum Worksheet (2024 – 2025)

Natural Resource and Economic Policy Concentration

This worksheet outlines the required courses for this major. Students are expected to be familiar with general education and major-specific requirements for their intended major as outlined in the Clemson Undergraduate Catalog. Additionally, students must satisfy any Tri-County prerequisites for the courses below. To complete Bridge program requirements, students must earn 30 credits at Tri-County and a 2.5 GPA during their Bridge year (fall, spring, and optional summer, if needed). Students should consult the backside of this worksheet, the Undergraduate Catalog, and the Bridge Academic Guide for Clemson course equivalencies and alternative courses if students wish to enroll in other courses or if any of the following requirements have been met through dual enrollment or AP/IB credit. Advising worksheets are supplemental planning aids and are for informational purposes only.

¹ CHM 106 and CHM 107 are acceptable chemistry courses for those pursuing the Economic Policy concentration. Students who are unsure of their concentration should instead complete CHM 110 and CHM 111 for successful degree progress.

² If ENG 101 + 102 is taken for English Composition requirement, ENG 102 should be taken instead of Arts & Humanities (Lit.) requirement.

³ See reverse side of this worksheet for options.

⁴ PSC 201 is strongly recommended as it satisfies the REACH Act for graduation.

⁵ At Tri-County, BIO 209 is a 4-credit course. Students completing BIO 209 will be awarded credit for ENSP 2000 (3 credits)

⁶ Take additional courses listed in the Bridge Student Academic and Advising Guide that will transfer to Clemson. Students will select later to pursue additional electives and natural science requirements OR select a minor.
