Specifications for 30' wide x 75' long asphalt repair on Perimeter Road.

- Project location is on the Pendleton Campus located at 7900 Hwy 76, Pendleton, SC 29670.
- Specific area is on the downhill side of the one-way road that runs parallel with 76, adjacent to the IBDC (closer to the North Entrance). See attached aerial photo for reference.
- Project is anticipated to take place Summer of 2024. Work is required to be done over a Saturday/Sunday.
- The scope of work encompasses an area that is approximately 30' wide, x 75' long.
- The entire work area (2,250SF or 250SY approximately) is to have asphalt demoed with the area to be demoed down to proper subgrade of -12".
- Subgrade is to be compacted. We are assuming that the subgrade will be able to achieve sufficient compaction and will not be unsuitable soil.
- 8" of stone base will then be placed and compacted.
- 2" Asphalt Binder course will then be placed, followed by a tack coat and a 2" surface course.
- Existing Curb and Gutter is to remain in place.
- 75 LF of painted double yellow line (not thermoplast) will be placed back on the repaired section.

*Note that all labor/materials are to be supplied by contractor

A site visit/walkthrough will be held at 10:30AM on Thursday, June 27 at the location on Perimeter Road across from the IBDC building as noted on the attached aerial photo. Contractors are strongly encouraged to attend in order to fully understand scope.

Awarded contractor must be licensed and insured with documentation provided prior to work.

Please note your estimated timeframe with expected start date and days to completion on your quote.
