Your FAFSA was flagged by the Department of Education as potentially having conflicting information. We must collect some additional information to proceed with your 2024-2025 FAFSA review.

Your parent contributor and/or your parent contributor's spouse/partner indicated on the FAFSA that they did not file a US tax return. We must ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information, we will compare your FAFSA with the information on this institutional verification document and with any other required documents. If there are differences, your FAFSA information may need to be corrected.

You and a parent whose information was reported on the FAFSA **must complete and sign this institutional verification document, attach any required documents, and submit the form and other required documents to us.** We may ask for additional information. If you have questions about what is requested, contact us as soon as possible so that your financial aid will not be delayed.

Please note that **all documents** must be received before we can award your financial aid for the year.

Deadline: To determine your eligibility for federal and/or state funds, your documents must be received by our office no later than 120 days after your last date of enrollment. Failure to do so by the stated deadline will result in a loss of eligibility for the current academic year. TCTC must review the requested information, under the financial aid program rules (34 CFR, Part 668).
