

TCTC-24 Cubicles Request for Written Quotes Addendum #1 – Questions and Answers

Posted 09/23/2024

1. Does the electricity from the building run from the wall or the ceiling?

A: Both but owner will connect power and data. Whips in base should be provided with each cubicle regardless.

2. Is the installation on the first or higher floor?

A: All on ground / first floor

3. Can we get a box truck up to the building or are there steps preventing this? If so, is there a handicap ramp we could possibly use?

A: There is an on-grade entrance and an ADA ramped entrance. Both can be utilized.

4. What is the existing carpet color and wall paint color?

A: Wall paint is Sherwin Williams Crushed Ice and flooring varies.
