

Preprofessional Health Studies Curriculum Worksheet (2024 – 2025) (COLLEGE OF SCIENCE UNDECLARED)

This worksheet outlines recommended courses for those interested in medical or dental school. Students are expected to be familiar with general education and major-specific requirements for their intended major as outlined in the Clemson Undergraduate Catalog. Additionally, students must satisfy any Tri-County prerequisites for the courses below. To complete Bridge program requirements, students must earn 30 credits at Tri-County and a 2.5 GPA during their Bridge year (fall, spring, and optional summer, if needed). Students should consult the backside of this worksheet, the Undergraduate Catalog, and the Bridge Academic Guide for Clemson course equivalencies and alternative courses if students wish to enroll in other courses or if any of the following requirements have been met through dual enrollment or AP/IB credit. Advising worksheets are supplemental planning aids and are for informational purposes only.

Note: Preprofessional Health Studies is an **Undeclared Major**. It is recommended that students switch to a degree-granting program by the end of their second semester at Clemson (sophomore year) and follow that curriculum to meet degree requirements. Contact Clemson Health Professions adviser, **Harolynn Williams** (harolyw@clemson.edu) for Health Professional School prerequisite questions.
